

Meet the TEACHER

Mrs. Cassandra Conn

Welcome to 2nd Grade!

I am pleased to welcome you to the 2023 - 2024 school year! Second grade is going to be a great year full of fun learning topics and activities. For us to have a fun year, my goal for our classroom is to create an effective, safe learning environment. Our classroom will be a space where every child is listened to, valued, and can learn through exploration, working with others, and making mistakes and trying again. I have planned and place great value on effective classroom management practices and routines. It is my hope that during our time as a classroom family this year, we will master a variety of concepts and have fun all at the same time!

About Me

Hello! I am Mrs. Cassandra Conn and I will be your child's 2nd grade teacher this school year. This will be my fifth year as a classroom teacher! I have experience teaching grades 3-8, while also having many volunteer hours working with children of all ages.

I am certified to teach grades Pre-K-6th grade all subjects, and 7th and 8th grade social studies and math. I have a Bachelor's Degree from Waynesburg University in middle level education (grades 4-8), and a Master's Degree from PennWest CALU in Early Childhood Education (Pre-K-3). I have a passion for learning all sorts of things and believe each of my students can experience success in their own way and enjoy learning too.

I truly believe we are all life-long learners, so it is my job to provide the right tools for learning and to use them for the rest of our lives inside and outside the school setting.

Contact Me

I welcome and value parent involvement throughout the year. I would love to hear from you, and you are welcome to contact me with any questions, comments, or concerns you may have.
