Name _____

Winter Addition Word Problems

Directions: Solve each word problem. Draw a picture to show your work.

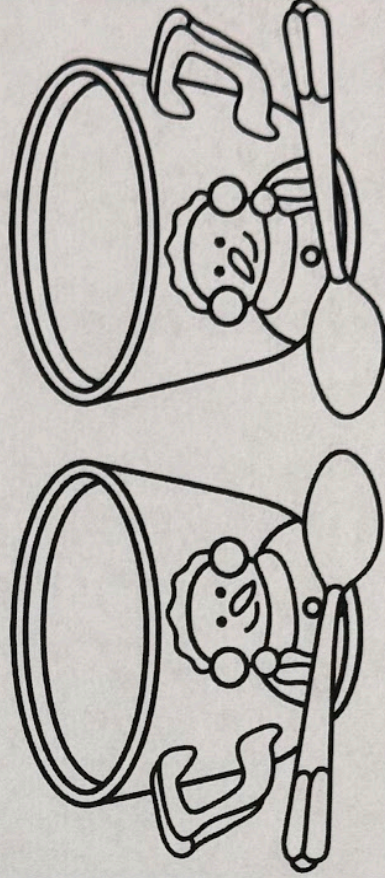

There are three kids skating on the ice, and two more kids sitting on the bench.

How many kids are there all together?

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

Rick has four marshmallows in his cup of hot cocoa. Gina has five marshmallows in her cup. How many marshmallows do they have in all?

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$
