

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)****Section: Narratives - Program Description****INTRODUCTION**

Under the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), the Pennsylvania Department of Education (PDE) awards grants to local educational agencies (LEAs), to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the state. LEAs must provide equitable services to students and teachers in nonpublic schools as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Please note: ESSER funds, under any part of 18003, **cannot** be used for: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

**\*ESSER funds are not Title I funds and as such, are not subject to Title I rules.**

**Please explain how the LEA will determine its most important educational needs as a result of COVID-19.** (3000 characters max)

The Rockwood Area School District will determine the most important education need as a result of the COVID-19 pandemic through a review of the current Continuity of Education Plan and student family needs identified throughout the PA school closure. The RASD Administration will work with our community, School Board Members, and Faculty to determine the most important educational needs and improve the continuity of education for our students.

**Please explain the LEA's proposed timeline for providing services and assistance to students and staff in both public and nonpublic schools.** (3000 characters max)

The Rockwood Area School District has provided continuity of education from the beginning of the 2020 COVID 19 school closure. Our District has worked with teachers to develop instructional packets for all students to complete enrichment and review activities. These packets served as a three week instructional process. We then moved to direct instruction for subjects through Project Based Learning. This instructional practice will support student learning through the end of the 2019-2020 school year. Instructional practices and resources has been and will need to continually be purchased to support online learning initiatives for future instruction. Non Public Schools will be consulted from May 19th to May 29th. Meaningful consultation will be conducted to serve our local non-public schools. After consultations are completed, funds will be directed to the allowable costs. RASD has consulted with Somerset Christian School on one occasion. A second consultation with SCS has been established for May 19th. Consultations with the Diocese of Altoona/Johnstown, Diocese of Greensburg, and Champion Christian School are currently being scheduled (May 19 to 29th).

**Please explain the extent to which the LEA intends to use ESSER funds to promote remote learning.** (3000 characters max)

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**

The Rockwood Area School District intends to use ESSER CARES Act funding to purchase devices and hardware to support remote learning. The funds will be used to purchase Chromebooks, Flash drives, software, instructional materials, and other resources that will support remote learning and also be used within the classroom in the future. Providing access to education for all student will be the focus of these expenditures.

**Please describe how the LEA intends to assess and address student learning gaps resulting from the disruption in educational services.** (3000 characters max)

The Rockwood Area School District will address student learning gaps by adjusting instruction in each grade level and subject. Use of interventions during instruction, MTSS approach for reading interventions in the Elementary, remedial practices for grades 3-12. Depending on the guidelines for social distancing and opening schools, learning camps through Title IV will be held as scheduled. The use of CARES Act funds will be used to purchase items to enrich learning and to provide continuity of education for all RASD students.

**Please describe the LEA(s) proposed procedures for evaluating local COVID-19 impacts in relation to education programming and delivery.** (3000 characters max)

Areas of emphasis should include:

- Documenting learning loss associated with extended school closure;
- Outlining the development of local continuity of education plans over the course of emergency response efforts; and
- Detailing supports for vulnerable student populations and families.

The Rockwood Area School District will use student data to determine learning loss associated to the COVID-19 closure. Student grades, assessment scores, universal screeners, and teacher recommendations will be a few forms of data used to determine academic needs and programming adjustments in each grade level, subject, and classroom. The Continuity of Education Plan within our District is an ever evolving document. Initially students began completing review and enrichment activities through materials sent home after the closure. Instruction then transitioned to Project Based Learning with teachers facilitating instruction and guidance of student academic exploration for all grade levels. Instructional planning for the end of the 2019-20 and 2020-21 school year is currently being developed. The Rockwood Area School District will transition to remote learning through Google Classroom, G Suite Apps, classroom resources/materials, online software, hardware, and devices appropriate for instructional approaches. One to one device implementation for remote learning will need to be developed and maintained. Students and families without connectivity to the internet will be served through use of Chromebooks, flashdrives, classroom resources, and communication through avenues that best fit the needs of the family. Access to the internet will be provided through the school network/location.

**Please describe the LEA core set of strategies that will be used to guide local investment of CARES funding, associated with short-range (i.e., remainder of the 2019-20 school year) and long-range (2020-21 and 2021-22 school years) timelines.** (3000 characters max)

These strategies may entail the establishment, scale-up, refinement, or evaluation of remote learning, as

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**

well as strategies for school-based teaching and learning responsive to conditions related to the pandemic. LEAs will be asked to outline how limited, one-time CARES funding may support these initiatives and how CARES funding might interact with other federal funding, including enhanced Title IV flexibility, to ensure strategic and sustainable use of one-time funds.

The Rockwood Area School District intends to set academic instruction as a priority. Preparation of devices, software, hardware, and resources for remote learning are the strategies currently being implemented and planned. As mentioned above, RASD will use resources to support students without access to the internet or needs for adaptations and interventions. Strategies may include the development of after school programs and teacher office hours to support learning. CARES funding will be used to purchase one time expenditures related to remote learning and interact with local funding sources to improve instructional delivery and meet the needs of our students/community. Again, funds will be spent to improve access to devices, software, hardware, and resources. Funds will be spent as needed to provide responsive education were needed.

**Please describe specific plans, measures, and longer-term evaluative strategies concerning student learning gaps - as well as opportunity to learn factors - stemming from COVID-19.** (3000 characters max)

The Rockwood Area School District will use universal assessments, local assessments, and teacher referrals/input to determine learning gaps of students. Teachers will also discuss content standards and learning objectives not mastered by students due to the COVID 19 Pandemic. These learning gaps will be addressed through MTSS interventions, "Acceleration Period" tutoring, "Core Support" tutoring, and classroom interventions. Summer learning camps for Elementary students may be implemented as planned through Title IV funds. After school learning opportunities outside of the school day may be implemented if a need is demonstrated.
